The Adams Express Company places its daily obligations to it for the very latest papers from the eastern cities.

The American Express Company has our thanks for its daily favors in the shape of the very latest eastern papers.

A DELICIOUS RETREAT.—In company with the fleet of the Journal and our mutual friend, Mr. Jahn, of this city, we paid a visit, yesterday afternoon, to the Villa, or People's Garden, kept by Mr. GORRIS, at the foot of the Chillicothe Road, about one mile south of the city. This is one of the most pleasant and delightful retreats in the country and easy access. Mr. GORRIS is a hospitable, accommodating and courteous gentleman.

The People's Garden consists of thirteen acres, and is laid out with taste and skill. There are delightful arbors, mounds, walks and shady retreats on the grounds, which render it a rural resort, not excelled by the most celebrated fashionable watering places. From the western slope of the garden the view of the Scioto and the country beyond is enchanting.

Mr. GORRIS is prepared to gratify not only the idealities of his visitors, but their gustatory inclinations also. We recommend to our citizens and strangers who need a little relaxation and recreation, to take a ride or a walk to the People's Garden.

SHIPMENTS OF MILITARY GOODS AND ARMS.—The Cleveland Leader of yesterday morning says:

Large quantities of military goods and arms have passed through the East for points West and South within the last few days. On Monday about twenty-eight tons went over the C. & C. and C. & T. Roads, destined to Cincinnati, St. Louis, and points in Illinois, Indiana, and other Western States. Yesterday about fifteen tons of arms passed over the C. & T. Road, destined to St. Louis, to be used in arming the Federal troops in Missouri. A large quantity of military goods, probably eight tons, also went through to Cincinnati yesterday.

CAMP JACKSON.—There are thirty-one companies now in Camp Jackson. The Twenty-third and Twenty-fourth Regiments are full. The Twenty-fifth has advanced the Twenty-sixth six companies.

It is rumored that the name of the camp will be changed, and that Gen. ROSSMAN will call it Camp Chase.

DESTRUCTION OF LIQUOR AT CAMP DENNISON.—The following is from the Cincinnati Press of yesterday morning:

The disturbances at Camp Dennison, occasioned by the too frequent use of ardent spirits, at last attracted the attention of the officers at that place, and yesterday a squad of men was detailed to destroy all the liquor in the vicinity, both in and out of the camp. About five hundred kegs of beer and a thousand bottles of ale were hoisted on the ground.

ARE HOPES CONTRABAND OF WAR?—The Cincinnati Gazette says that on Tuesday, the river police discovered on board one of the Southern bound boats, a chest that looked somewhat suspicious. They started in pursuit of the owner thereof, and finding him, demanded an investigation of the contents. On opening the box, the dogberries found a quantity of hoop skirt frames. Concluding that these were not contraband, they permitted the package to go on its way rejoicing.

MOVEMENT OF TROOPS.—The Twentieth Ohio Regiment on Sunday moved from Zanesville to Bellair, and are guarding the road between that point and Grafton. The Seventeenth Regiment moved to Lancaster to take the place made vacant by the Twentieth, but on Monday the Seventeenth and Nineteenth both moved to Bellair, and are now undoubtedly in Virginia.

The third company of uniformed men from Chillicothe, Capt. RAYMOND ALLISON's Fullerton Guards, has taken up its quarters at Camp Jackson. This company consists of 103 men, uniformed and equipped with Sharps' rifles, at their own expense. They have already expended \$4,000, and have a contingent fund yet left.

The State Facilities, Capt. MITCHELL C. LILLY's Company, of this city, are ordered to leave, and will leave this morning at five o'clock for Marietta. They belong to what is called the Reserve State Militia.

Five thousand stand of arms have arrived in Cincinnati from the East, for distribution to the Union men of Kentucky, under the direction of General McCLELLAN, Colonel ANDERSON and Lieutenant NELSON.

The order discharging the three months' volunteers on furlough, was on Tuesday countermanded by General McCLELLAN, who ordered all three months' troops to be returned to service and immediately put in readiness to be moved to Virginia for active service.

We received last evening, from our friend Wm. KILPATRICK, Esq., of this city, a large cluster of luscious strawberries. We congratulate our friend upon his success in raising such fine and delicious fruit.

The Ladies of the Bigelow M. E. Church will hold an Aid Society in the lecture room of their church, this evening, at which there will be an abundance of strawberries, ice-cream and other good things.

The Cleveland, Columbus and Cincinnati Railroad has declared a semi-annual dividend of five per cent., payable on the first of August.

The Portsmouth, Ohio, Gas Company furnish gas to all military companies at their drill rooms, free of charge.

Two Regiments of Indiana Volunteers left Indianapolis yesterday noon, on the I. & C. Railroad, for the East.

Don FARR has been appointed on General SORRELL's staff. He has resigned the captaincy of his company and gone to Washington.

Capt. BLAND's company from Zanesville, arrived at Camp Jackson on Tuesday.

The report that the Governor had received a call for six additional Regiments is contradicted.

The head-quarters of the Department of the West have been removed from St. Louis to Fort Leavenworth.

Eighty-six horses were shipped on Monday night from Cincinnati for Marietta, destined for Grafton.

The companies belonging to the Third Regiment, Col. MARSHALL, have all been mustered into the U. S. service.

THE GREAT SECRET.—It is admitted by all physicians that the grand secret of health and long life lies in keeping the blood and various fluids of the body in a high degree of fluidity. When you feel continued pain in the head or bowels, or any continued uneasiness in any organ or other parts of the body, you can prevent serious sickness by taking BRANDT'S PILLS. Bleeding may give momentary ease, because the blood left will have more room. But as the body is made from the blood and sustained by the blood, to waste our blood is to waste our life, and ruin our constitution. But Brandt's Pills relieve the circulation as readily as bleeding, by only taking away what it can well spare, and they never hurt.

Mrs. Hooper of Barnstable, Mass., was cured of St. Vitus' Dance, General Debility, poverty of blood, and consequences of many years standing, by Brandt's Pills. The case at length is published in the pamphlets. Sold by John R. Cook, Columbus, O., and by all respectable dealers in medicines.

GENESEE'S BALM.—Ought to be in every family in every city, town, hamlet, and school district in the country. If its real value was understood, it would not be ten days before every family would possess it.

threw himself between the batteries and his men, giving his orders in a cool and deliberate manner, and telling the boys that Ohio expected them to do their duty.

If the train had advanced 100 yards further, a loss of life would have been terrible, and the entire expedition made prisoners by the enemy.

When the Second Ohio Regiment received marching orders this morning, every inmate of the Hospital left the sick-bed and joined the ranks.

The encampment at Falls Church was immediately placed in telegraphic communication with headquarters.

Movements on both sides indicate that the active operations are to be shifted to this vicinity.

WASHINGTON, June 19.

Fifteen hundred Arkansas troops, under Ben McClellan, have invaded Missouri.

The President having sent Gov. Letcher a pardon for the late Letcher, and ordered the President's powers were not recognized by Virginia.

A vessel was ordered from the Navy Yard to attend to the battery erected on White Bay, Potomac.

Vienna has been occupied by 4,000 Federal troops.

It is believed that an advance will approach Fairfax Court House to-morrow, and Manassas Junction before many days.

The forces of Gen. Johnston and Cadwallader, it is believed, are likely to meet at some point Northwest of Harper's Ferry.

WASHINGTON, June 19.

A special dispatch to the Republic gives further particulars of the battle at Boonville.

The Federal troops landed five miles below the encampment of the State forces. The latter had a battery near Boonville, pointed toward the river, but was circumvented by the Federal and proved useless.

Gen. Lyon immediately advanced on the State troops and was met in a lane, when the firing commenced. The balance of the day the fighting was substantially the same as reported last night.

Col. Parson's men, coming up the river with the Federal troops, were met in a lane, when the firing commenced. The balance of the day the fighting was substantially the same as reported last night.

There is no doubt that the Rebels are erecting batteries at important points on the Potomac. They hope to control the navigation of the river, and expel the Federal vessels from its waters, closing up the connection with the North, except by Annapolis.

A fleet of steamers had gone down the Ohio, it is thought for the purpose of conveying troops up the Kanawha river, to strike at the heart of Western Virginia.

No advance was made last night on Vienna or on Fairfax.

Repairs on the Baltimore and Ohio Railroad are deferred till the Government gets the entire possession of the route.

Over 7,000 feet of the bridge was burned by the Rebels.

Five thousand more Federal troops are expected to arrive in Washington by Friday.

A Richmond correspondent of the Charleston Courier says, Jeff. Davis and Wigfall will take the field in person this week.

WASHINGTON, June 19.

The Star says it believed the secession lines extend from near Occoquan to Centerville.

They are entrenching the neighborhood of Fairfax Station, with heavy guns, only 14 miles from Alexandria.

All information tends to the belief that the Rebels are daily pushing forward from Manassas to points near the Federal lines.

Parties have succeeded in getting a requisition for four additional Regiments from Indiana for three years.

This will make twenty-five Indiana Regiments, and will entitle them to a Major General. Probably General Morris will be selected.

Four additional Regiments have been authorized from Wisconsin and four from Iowa, one of the latter to be cavalry.

The Douglas Monument committee met today. No final conclusion was made on account of various plans.

It will publish an address to the citizens of the United States.

It appears that Lieut. Stuart, formerly in the United States army, commanded the Rebels in the Vienna fight.

Proceedings of the Western Virginia Convention.

WASHINGTON, June 18.

The time of the Convention to-day was occupied with a debate on the ordinance to re-organize the State Government.

Mr. West, of Weitzel, offered an amendment that no one who voted for secession be allowed to hold office in the State during the war.

It was supported by Mr. West and his colleague Mr. Martin.

Mr. Martin, a citizen of this county, returned from the South on Monday. He says the bank of the river seems lined with cannon at Memphis.

Mobiles Coming Westward.

GAFFRON, June 19.

Information, thought to be reliable, says fifteen hundred Confederate troops are in the neighborhood of Beverly and Phillips, and that an attack will be made on the latter place.

There can be no doubt but that the Rebels in Western Virginia have been largely re-inforced, and some grand movement is contemplated.

The Federal troops will be equal to any emergency. Large re-inforcements will probably reach here in a few days. Force sufficient to march on to Piedmont, which place they are now forward from here.

The Rebel forces from Romney burned the vast road bridge over New Creek, 20 miles west of Cumberland, early this morning, and marched on to Piedmont, which place they are now forward from here.

The telegraph wires east of Piedmont were cut by them. Their number is variously estimated from 2000 to 4000. Notice was given of their approach to town, and the citizens were preparing to leave.

When information left, all the engines belonging to the Balt. & Ohio Railroad were fired up and sent West to Grafton. The greatest excitement prevailed. A company of citizen soldiers, who were guarding bridges, are reported to have killed the Rebels' remaining in the Piedmont operator closed the telegraph office and fed, and we have no means of ascertaining what damage is being done.

Communication by R. R. between Cumberland and this place is cut off.

Further Particulars of the Affair at Boonville, Missouri.

St. Louis, June 19.

Proceedings of the Western Virginia Convention.

WASHINGTON, June 18.

The time of the Convention to-day was occupied with a debate on the ordinance to re-organize the State Government.

Mr. West, of Weitzel, offered an amendment that no one who voted for secession be allowed to hold office in the State during the war.

It was supported by Mr. West and his colleague Mr. Martin.

Mr. Martin, a citizen of this county, returned from the South on Monday. He says the bank of the river seems lined with cannon at Memphis.

For a few days a heavy battery of twenty guns will be mounted, commanding for several miles approaches to the city by river.

There are not many troops in the city of Memphis, the main body being 4 miles back.

The heaviest battery in the South is at Randolph, and is 20 miles back.

The number of men manning it is variously estimated at from fifteen hundred to six thousand.

At Union City there is trouble among the men—The Tennessee troops wishing to rally to Memphis, while the Mississippi troops express a desire to march upon Columbus, and fortify the town, and provoke General Prentiss into hostilities.

The guns at Union City are of small caliber, except six thirty-two pounders, a few howitzers and two sixty-two pounders; while approaches to Columbus are of such a nature as to render a battery of such character as they would make, by no means formidable.

Work on fortifications at Cairo are progressing slowly. Every thing already done has a permanent look, as if it was the purpose of Government to render the place a military post.

Indiana Troops Moving.

CINCINNATI, June 19.

Eight and ten Indiana Regiments, Col. Benton and Morrison, arrived here at 8 o'clock to night, on the Cincinnati and Eastern Railroad, from the depot by the Cincinnati and Eastern Railroad, where they partook of refreshments.

Fourth Street was densely crowded, and the troops were enthusiastically cheered.

From the South.

The Memphis Appeal of the 18th says one hundred and fifty head of Texas cattle were re-ceived there; also a large lot of powder and lead.

The Lawrenceburg, Tennessee, flag of the 15th says that during the progress of the Union meeting near Knoxville, on the Wednesday preceding the election, a train bearing Confederate troops was fired into by Union men.

From Louisville.

Malloy, the Union candidate for Congress in this district, addressed a meeting here this evening, depicting the course of the secessionists, and favoring the Union's remaining in the Union as long as it is consistent with her honor. He opposed coercion, but denied that defending Washington City and suppressing rebellion, were coercion.

Illinois Troops Moving.

CHICAGO, June 19.

The Sturges Riders left this evening for Cincinnati. Scambeck's cavalry are here, and Capt. Barker's dragoons at Cairo, all under orders to proceed to Straffon, Va.

Philadelphia, June 19.

A member of the Free Soilers arrived here, reports that a Regiment was yesterday engaged in throwing up intrenchments within two miles of Fairfax Court House.

New York, June 19.

The ship Monarch of the Sea has arrived from Liverpool, with 954 Mormons for Utah.

Race Won by Flora Temple.

New York, June 19.

Flora Temple was winner in the two miles trot with John Morgan, yesterday. Time, 4:55 1/2 and 4:58 1/2.

A New Virginia Governor.

WHEELING, June 19.

Mr. Frank Pierpont, of Marion County, was unanimously nominated to night for Governor by the Convention in caucus.
